RESINS - TODAY & TOMORROW - X

“Emerging Trends in Resin Industry”

Dear Sir,

IRMA bi-ennial Seminar on Resins - Today & Tomorrow - X is planned on Thursday the 8th and Friday the 9th June 2017 in Hotel Fariyas, Lonavala. The theme of the Seminar is "Emerging Trends in Resin Industry".

The Resin Industry has come a long way starting from the age of Alkyds to the resins used in applications like Aerospace, Automobile, Mobile telephone etc., and the industry is becoming more and more demanding. To cater to ever demanding applications industry, the resin manufacturers have to upgrade resin technology in terms of quality and cost. The resin technology has seen a change from Solvent based to high Solid resin, Water based resin and Resins made out of sustainable raw materials. Today smart coatings are becoming more and more popular & towards serving these coatings, you need smart Resins and green Resins. To discuss ever challenging and ever evolving resin technology, we, at IRMA, decided to focus on the theme "Emerging Trends in Resin Industry" for our Seminar.

On this platform, we will not only discuss about the technology upgradation but will also dwell upon new application areas of resins. Also we will make an effort to share as to how to market these resins in an innovative manner.

Friends, due to overwhelming response to our last Seminar and as per popular demand we decided to repeat the venue Fariyas Hotel, Lonavala for this Seminar.

We are going to bring out a Souvenir-cum-Members Directory on this occasion and we request the Members to update their business/contact details.

Looking forward to the pleasure of welcoming you at the one day residential Seminar at Fariyas Hotel, Lonavala on 8th & 9th June 2017.

Yours Truly,

Dr. Prashant Samant
Convenor

Bhupendra Sakaria
President
